ROMA PIZZA CATERING TESTIMONIALS

"Our football team, the Flagstaff Hitmen, has been using Roma Pizza for the last two years as a meeting spot. We watch our game films on the flat screen TVs to prepare for upcoming games at the west-side location. Then after games our team heads over to the east-side location to eat together and celebrate! Leo and his staff have always made us feel welcome. The food is always freshly made and delicious! We even give out a Roma Pizza player of the week award and Leo hangs that player's picture up in his restaurant! The guys can't wait to meet there each week, get some great food and see their picture hanging on the wall! We can't think of a better place to go than to Roma Pizza! Any staff that can handle 40 hungry football players and their families with such great service is amazing!"

~ Jamie, Flagstaff Hitmen Football Team

"I have to let you know the pizzas you delivered to us were great. This is the second time we have ordered pizzas for our training's and have been more than satisfied with the food and service."
Thanks again,

Kevin Dobbe , Kachina Village Fire Department
